Project

Legislative Plan for the Municipality of Glarus

With the legislative planning 2023 - 2026, the municipality of Glarus has laid the foundation for targeted development in the coming years. The legislative plan serves as a guideline and planning instrument for the municipality's lawmakers and administrators. We accompanied the municipality during the drafting process and helped it to define the plan's goals, scope and implementation.

Our services

- Coordination of substantive drafting
- Provision of technical input and independent assessment
- Project management support
- Management of the drafting process with creative and motivational work formats drawn from design thinking
